Subject : Sad news

Dear Friends

I write to share with you the sad news that our friend and colleague Prof Ion I. Inculet died Saturday night Nov 5, 2011 in his 91st year.

As some of you may know he officially "re-retired" earlier this year on his 90th birthday after 47 years of active and innovative service to Western and the Electrostatics community. However since then he suffered a number of health setbacks including some falls resulting in separately fracturing both hips and confinement to a long term care facility. In short, his recent life has not been enjoyable for such an active and dynamic individual and my sadness at reporting this is tempered by relief in knowing he is now at peace.

The family is planning a Memorial Service to be held:

Nov 14 at 7:00 PM

Westview Funeral Chapel
709 Wonderland Rd. N.
London, ON

Sincerely
Peter
