

Call for Papers
IEEE Industry Applications Society 47th Annual Meeting
Las Vegas, NV, October 7-11, 2012

The **2012 IEEE Industry Applications Society Annual Meeting** will address the technical interests related to industrial applications of electrical energy. **Papers** are solicited on this subject, especially studies pertaining to the scope of the participating Technical Committees of the IEEE Industry Applications Society, as listed on the conference site: <http://www.ewh.ieee.org/soc/ias/2012>.

General Topics

The General Plenary Session is seeking papers related to topics of general technical interest in the field of industrial applications of electrical energy not related to a specific technical committee should be sent to Mr Blake Lloyd, blloyd@qualitrolcorp.com.

Electrostatic Process Committee

The Electrostatic Process Committee is soliciting papers on topics pertaining to electrostatics phenomena and applications. Abstracts of proposed papers (NOT draft manuscripts, as requested by other technical committees) should be sent to Prof. Lucian Dascalescu, lucian.dascalescu@univ-poitiers.fr.

Tutorials

For **TUTORIAL** topics in the general technical area of industrial applications of electrical energy, please send outlines and presenter details to: Dr Joe Sottile by **1 May 2012**, jsottile@ieee.org.

Authors' Deadlines

- **1 March 2012:** Submission of **abstracts** of proposed papers.
- **1 May 2012:** Notification of acceptance or rejection by the technical committees.
- **1 June 2012:** Authors to receive instructions for submission of final conference manuscripts.
- **1 July 2012:** Deadline for submission of final conference manuscripts to ScholarOne Manuscripts.

General Abstract Requirements

All authors must submit an abstract of the proposed paper for evaluation by the Electrostatics Processes Committee. The abstract should identify all authors of the proposed paper, and provide an e-mail address for the corresponding author. All correspondence will be conducted via e-mail. Authors are responsible for assuring that e-mail sent to the corresponding author will NOT be blocked by a spam filter.

Final submission of manuscripts will be done electronically via the IAS ScholarOne Manuscripts site. The submitting author must execute an IEEE Copyright Transfer at the time of manuscript submission. Papers may be screened for similarity to previously published material. Authors of papers sponsored for presentation by the Electrostatic Processes Committee will have the option to submit revised manuscripts for review for publication following presentation at the 2012 IAS Annual Meeting.

At least one author must register to attend the conference, and pay one-day conference registration fee, prior to submitting each final manuscript. Student registrants may not submit papers, but students may be listed as coauthors on papers submitted by other conference registrants. Papers that are not actually presented at the conference will not be eligible for publication by IAS.

Please note that this year the Electrostatic Processes Committee also sponsors the 4th Int. Joint Conference on Electrostatics, Cambridge, Ontario, Canada, June 12-14, 2012. For more information on that conference, please contact either the Technical Program Chair: Prof. Maciej A. Noras, University of North Carolina at Charlotte : mnoras@uncc.edu, or the General Chair: Prof. Shesha Jayaram, University of Waterloo, jayaram@uwaterloo.ca.
